STATEMENT OF EXPLANATION AND JUSTIFICATION

Pursuant to our authority under section 3632 of title 39, as amended by the Postal Accountability and Enhancement Act of 2006 ("PAEA"), we establish new prices not of general applicability for certain of the Postal Service's competitive service offerings, and such changes in classification as are necessary to implement the new prices. This decision establishes prices by setting price floor and price ceiling formulas for Global Expedited Package Services Contracts. The types of contracts to which these prices will apply are described in Attachment A, the price floor and price ceiling formulas are specified in Attachment B, and management's analysis of the appropriateness of these formulas is explained in Attachment C. We have reviewed that analysis and have concluded that the prices emerging from application of the formulas and the classification changes are in accordance with 39 U.S.C. §§ 3632-3633 and 39 C.F.R. §§ 3015.5 and 3015.7. Contracts which fall within the terms specified in Attachment A, and whose prices fall within the price range established by the price floor and price ceiling formulas specified in Attachment B, are hereby authorized.

The PAEA provides that prices for competitive products must cover each product's attributable costs, not result in subsidization by market dominant products, and enable all competitive products to contribute an appropriate share to the Postal Service's institutional costs. We have determined that prices established according to the formulas listed in Attachment B would be appropriate for the services covered by the types of GEPS Contracts classified in Attachment A.¹ Management's analysis of the formulas, included as

¹ The classification for GEPS Contracts is contained in the Mail Classification Schedule language originally proposed by the Postal Service, as modified in Attachment A. See United States Postal Service Submission of Additional Mail Classification Schedule Information in Response to Order

Attachment C, supports our decision to establish prices through such formulas for the specified types of contracts.

We are satisfied that the prices established by the formulas in Attachment B meet the applicable statutory and regulatory requirements. The price floor formula provides greater than 100 percent coverage of the costs attributable to each of these types of agreements. We accept and rely upon the certification in Attachment D that the correct cost inputs for the formulas have been identified. In addition, the price floor formula [REDACTED]

[REDACTED] should cover the agreements' attributable costs and provide a contribution toward the Postal Service's institutional costs. The formula should thus prevent a cross-subsidy from market dominant products. As noted in the certification in Attachment D, entry into agreements pursuant to this Decision should not impair the ability of competitive products as a whole to cover an appropriate share of institutional costs.

No agreement authorized pursuant to this Decision may go into effect unless it is submitted to the Postal Regulatory Commission with a notice that complies with 39 C.F.R. § 3015.5. The notice must include a financial analysis that demonstrates that the agreement covers its attributable costs, based on [REDACTED]

Attachment B. The notice must also include a certification from a Postal Service official that the numerical values chosen for each agreement are appropriate, in that they represent the best available information and that the agreement should not result in a cross-subsidy from market dominant products and should not impair the ability of competitive products, as a whole, to cover an appropriate share of institutional costs.

ORDER

In accordance with the foregoing Decision of the Governors, the formulas set forth herein, which establish prices for the applicable GEPS Contracts, and the changes in classification necessary to implement those prices, are hereby approved and ordered into effect. An agreement is authorized under this Decision only if the prices fall within the formulas set by this Decision and the certification process specified herein is followed. After an authorized agreement is entered into, the Postal Service shall comply with all applicable statutory and regulatory requirements.

Prices and classification changes established pursuant to this Decision will take effect fifteen days after the date on which the agreement is filed with the Postal Regulatory Commission.

Certification as to the Formulas for Prices Offered Under Applicable Global Expedited Package Services Contracts

I, W. Ashley Lyons, Manager, Corporate Financial Planning, Finance Department, United States Postal Service, am familiar with the price floor formula and price ceiling formula for Global Expedited Package Services Contracts which are set forth in Attachment B.

I hereby certify that these formulas adequately represent all necessary [REDACTED] [REDACTED] If the Postal Service were to enter into agreements that set prices above the price floor, the Postal Service would be in compliance with 39 U.S.C § 3633 (a)(1), (2), and (3). The price floor formula is designed to ensure that each agreement should cover its attributable costs and preclude the subsidization of competitive products by market dominant products. In Fiscal Year 2007, all outbound international competitive mail accounted for approximately 11 percent of the total contribution by all competitive products. Contribution from Global Expedited Package Services Contracts should be much smaller. Even if all the agreements for Global Expedited Package Services Contracts are signed at the price floor, they should not impair the ability of competitive products on the whole to cover an appropriate share of institutional costs.
